SKIN PERFECTING TREATMENT KIT 30 DAYS SHOCK TREATMENT

Specific for:

- Skin discolouration
- Acne blemishes and acne scars

Code: PF30201

KIT CONTAINS:

Exfoliating cleansing cream

This cleansing cream is free of aggressive foaming agents. It cleanses by affinity through oils that melt away and remove impurities and make-up residues from face and lips, leaving the skin soft and hydrated. Its formula contains microencapsulated salicylic acid, which helps remove dead cells, leaving the complexion more even and the skin pure and smooth.

DAY AND NIGHT

Size 100ml - Available also separately in 150ml size

Rebalancing serum AZELAIC ACID + VITAMIN PP

A concentrated, purifying and uniforming concentrate that is ideal for blemishes caused by acne and impure skin, and for treating scars and imperfections. Ideal for a smoother, more uniform skin texture.

DAY AND NIGHT

Size 30ml - Available also separately in 15ml size

Protective micro-exfoliating day cream SPF50

A daily photoprotective treatment with skin-perfecting and moisturising properties. Its fresh, ultra-light and rapidly absorbed cream gel texture leaves no white marks. This non-greasy cream is also ideal for oily, combination, and acne-prone skin. Well-tolerated formula free of alcohol and fragrance.

DAY

Size 30ml - Available also separately in 50ml size

Skin renewal night serum

Its formula contains 2% of microencapsulated sustained-release salicylic acid, which creates an invisible purifying film on the skin. This night serum helps gradually remove dead cells, it works against dark spots and acne scars, and reduces bacterial proliferation associated with impure and/or acne-prone skin. Its ultra-smoothing texture leaves the skin instantly softer. It also brightens up dull complexion and makes imperfections and discolourations less visible.

NIGHT

Size 15ml - Kit exclusive
